Rousing Road Meeting

The best good roads meeting ever held in Powell county was held in this city Saturday afternoon. The meeting was called to discuss the improvement of the road up Hardwick's Creek from here to Furnace.

In addition to a large local representation, a good delegation from Hardwick's Creek was present, and many came from the Irvine road. All were for the road, and several willing to aid.

Postmaster, J. H. O'Rear, was made chairman of the meeting. A plan of subscription was approved and upwards of \$1,400 subscribed at this meeting. It was determined to begin work on the road Tuesday morning, after at least one mile of it had been surveyed, on Monday. L. W. Searles, one of the best civil engineers in the whole country, was employed to make the survey. The road questions were thoroughly discussed and important committees appointed.

At the close of the meeting all went home feeling that something had been accomplished and that there would be at least one piece of road built into Clay City.

Circuit Court Convenes

Circuit Court convened at Stanton Monday morning in the presence of a crowded court room. The court was organized with splendid juries and proceeded at once to grind out justice.

Judge Shackelford delivered a strong charge to the grand jury, touching very heavily on evil of false swearing, which he said seems to be spreading at an alarming rate. He warned witnesses against withholding information that would make indictments, or refusing to respond to the summons of the grand jury, and said the dignity of the grand jury was the same as that of the court.

Booster Edition

That good paper, the Mt. Sterling Advocate, brought out a twelve-page booster edition this week, which portrayed Mt. Sterling in a very creditable style. Mt. Sterling is full of real business men, and the fact that they have always been so liberal toward Powell county and pains-taking to please us when we go trading that way, makes us feel good to see anything profitable coming to our nearest sister city.

Bank Report

The Clay City National Bank has another one of their splendid statements in this issue. These statements always furnish very interesting reading for all concerned. The present statement shows the bank to be in its usual flourishing condition.

Harbingers of Spring

Ground-hog winter is up, the cooing of the dove and the bluebirds music is with us. The splendid days of spring are also indications of the real article; and, besides, to day, March 22nd, is the official day for spring to begin.

County Demonstrator for Powell

It is generally known that our land is capable of producing, under proper management, twice what it is now producing, but we do not know how to do it here in Powell. Likewise, it is known that live stock properly managed and of the right kind will yield twice the profit, but we have not had the practical experience.

This year we are to be given an opportunity to learn all of these open secrets. We have read often of them in our farm papers, but we just can't get started.

Fred R. Blackburn who always has an eye open for the good of his county, has procured for Powell this year a County Demonstrator whose duty it is to go around and teach the farmers the good things that we read of—“How to make two blades of grass grow where grew but one,” and how to make a pig at eight months old weigh 350 pounds instead of 150 pounds—and all of this demonstration is to cost us nothing.

To get this valuable assistance it is necessary for the farmers of the county to co operate with the Demonstrator. Looking to this end, T. H. Collins, an advance agent, was in Stanton yesterday seeing the farmers and arranging a meeting for them at Stanton Saturday, the 31st, at which time they should organize an association to help forward the work.

Powell is the only county in the State to get such agent without cost to its people. The Government and State pays the bill in full.

Mrs. Joe Clark Passes Away

After a lingering illness, following a bad case of measles, Mrs. Joe Clark passed quietly away near Spout Spring, Sunday, aged twenty-five years. Funeral services were held Tuesday at the Vaughn's Mill Christian church by Elder J. T. Turpin, after which the remains were laid to rest in the churchyard there.

Mrs. Clark was formerly Miss Zella Sams, one of the best school teachers in the two counties of Estill and Powell, and was a daughter of Mrs. Nannie Pryor, who survives, besides her husband.

Mrs. Clark was beliked by all who knew her, and was universally known as a Christian woman who will be sadly missed by her many friends.

Sunday, March 25th.

Bro. Vaughn, the State Sunday School Worker, will be in Clay City Sunday, March 25th, and will speak at the Christian church both morning and evening in behalf of the Sunday Schools of the county. Let Everybody Come!

The Ladies' Aid of the Methodist church will hold its next regular meeting with Mrs. Luther Loving, next Wednesday, the 28th.

Jas. F. Clark has returned from the old Masons' Home at Shelbyville, and is now with his brother, Geo. W. Clark, at Vaughn's Mill.

S. A. Easter, of Ravenna, was here a few days this week and attended Circuit Court at Stanton.

Road Work Begins

Approximately \$2,500 have been raised on the Hardwick's Creek-Furnace Road Fund, and actual construction begun.

The road was surveyed Monday from this city to the Granny Howard Hill, by L. W. Searles, and the work begun by volunteers, Tuesday. The hill is being cut through and an easy grade made. It is the aim to build one sample mile of road independent of the regular fund, if possible.

The provision of the subscription paper is that whatever amount of money is raised it must be prorated on the entire ten miles of road from Clay City to Furnace taking into consideration the amount of work to be done to each mile.

It is expected that whatever is done by the citizens, the oil people will do as much, since they must get their supplies to the field and Clay City is the most accessible to it.

Near to Death.

Born.—Sunday, the 18th, to the wife of Mr. Oscar Woolery, a daughter. Mrs. Woolery became very ill Saturday evening, and for about three days remained in a condition almost unconscious and very near to death. Drs. Martin and Irvin were in almost constant attendance, and the neighbors helped all they could. She is now, however, thought to be out of danger. The baby is being well cared for, mainly by Mrs. John Kimbrell.

Mr. Norton Appeals

The records show that A. K. Norton, County Attorney, appealed from the action of the Fiscal Court last December in letting the contract to build dirt roads in this county with bond money at about \$2,500 per mile.

Mr. Norton evidently thought, as every other citizen seems to think, the price was too high, so he appealed to the Circuit Court for relief to the citizens of the county.

Where Turnpikes were Intended

Mr. Harris, of the firm of Harris & Meyers, road contractors, who have contracted with the county to build some dirt roads for the county out of that bond money we voted last April to build turnpikes, was in the city last week looking over the lay of the land, getting ready to begin actual construction April 1, so he says.

Candidates Galore

We can't remember a time when candidates were so thick at Stanton as Monday. They were on every hand for the various offices. And we can truthfully say that we don't believe the county ever had a bunch of better men running than now. Just any one of the bunch you pick and you make no mistake, it seems.

Mrs. J. L. Anderson and daughter, Miss Mary Simpson, of Manchester, visited the former's sister, Mrs. T. G. White, this week. They have gone on to Cincinnati for a short stay.

STANTON.

(By P. O. Derthick.)

Mr. Leslie Holmes is very bad again.

Rev. J. C. Hanley was in Lexington last week on business.

Mr. Fred Blackburn was in Frankfort last week on business.

Miss Callie Norton, of Lexington, visited home folks a week ago Sunday.

Miss Edith Stewart, of Jackson, is visiting her uncle, A. T. Stewart, this week.

John Kinser and D. W. Baker of South Fork were here on business the past week.

Rev. J. T. Adams preached at Lerose in Owsley county the second Sunday in this month.

Misses Daisy Johnson and Ethel Kilburn visited Clay City Saturday and Sunday last.

Mr. and Mrs. R. C. Hall are both quite sick. We have not learned what is the matter.

Charley Arnett, of Torrent, was here Monday to consult Dr. Johnson as to his condition.

Mrs. J. C. Prewitt, of Winchester, is visiting her daughter, Mrs. Fred Blackburn this week.

Carl Welch arrived home from Wisconsin Monday night after several weeks stay there.

Mrs. Geo. Derickson and daughter, Maudie, were up to the old farm at Rosslyn the past week.

Mr. Nelson Blount has moved his family to the Tom Johnson farm across the river from Stanton.

Dr. J. E. Lemming returned home last week from Florida where he spent two months for his health.

Rev. and Mrs. J. T. Adams, of Morris Creek, were over last week with their sick baby to see the doctor.

Bob Stone is papering the house of A. T. Stewart's and making it look spick and span as Bob can do.

Mr. and Mrs. Charley Derickson went up to Breathitt county last week to visit Alvin Derickson at Hampton.

Misses Lona and Andrew Chaney, of Campton Junction, are visiting their sister, Mrs. Lennie Crowe this week.

Richard Crowe, of Berea, preached at North Bend the past Sunday. He will preach at Stanton the coming Sunday.

Miss Mary Martin returned home Sunday from Indiana, where she had been staying with her uncle for several weeks.

Mrs. Bettie Hardwick has returned home from Winchester where she spent the winter with her son, J. H. Hardwick.

Claud Williams who has been spending seven months in Wisconsin has returned home. He will soon leave for Dayton, Ohio.

Mrs. Kelly Barnes left last week for Indiana where she will join her husband. She also moved her household goods with her.

Dr. and Mrs. Lyons, of Winchester, visited Mr. and Mrs. J. W. Williams recently. Mr. Williams is reported as being about well again.

The writer attended the Men and Millions movement at Lexington last Thursday and incidentally met his brother from Indianapolis.

Mr. and Mrs. E. G. Cowgill have set up housekeeping at 235 Belle Court in Lexington and are ready to receive their many friends. They visited home folks the past week.

Mr. J. N. Phipps, of Kansas, and a relation of Fred Blackburn is here visiting at Mr. Blackburn's and looking after oil interests. He has large oil interests in the west.

A large crowd is here attending Circuit Court and several cases have been tried. Judge Shackelford is showing them through and doesn't stand for any fooling in his court.

J. W. Woolery for Assessor.

In our announcement column this week will be found the name of J. W. Woolery for Assessor of Powell county.

Mr. Woolery has served the county one term as Assessor and one term as County Court Clerk, and he is therefore well known to every voter in the county, so that he need no recommendation from any one. Mr. Woolery is a very bad cripple and stands in need for the office, and any consideration of the Democrats in his behalf will be highly appreciated by him.

Mr. D. R. Clark, of Spencer county, was here the past week. He bought the fine horse of Anne Norton for \$173 and rode it through to his new farm which he recently purchased.

Mrs. Fred Ware and baby, of Winchester, visited with her parents, Mr. and Mrs. I. S. Boone, this past week. Mrs. Ware and her mother went up to Bowen where they visited with Mrs. Walter Thacker.

Among the lawyers attending Circuit Court at Stanton this week are Kelly Kash and Will Kash, of Jackson, Floyd Byrd, of Lexington, Charley Spencer, of Winchester, Buford White, of Irvine, and H. S. McGuire of Beattyville.

Dr. Albert Easter, of Waltersville, Fahrman Conlee, of Clay City, Albert Skidmore of Montgomery county, Dr. Lawrence Knox, of Nada, Mr. Mullins, of Leonard, Henry Townsend, of Lee county, were here this week attending Court.

Press Spencer was found not guilty of the murder of Alvin Hoo on Friday of this week. Floyd Byrd of Lexington prosecuted Spencer while J. D. Atkinson defended him. A large number of witnesses on both sides were present at the trial.

Prof. Neal Ranson was here from Clay City Saturday working up interest for a high school at Clay City. Since we have a good college here it might be well to help Clay City get this high school and thus build up two places in the county instead of one.

Miss Anna Clark who is attending Berea College is visiting her many friends in Stanton this week. She was summoned here as a witness in the case against George Derickson. The jury hung in this case and it will be tried again at the June term of court.

Miss Minnie Conlee was taken to Lexington last week where an X-ray examination was made of her arm which has been giving her serious trouble with inflammatory rheumatism. We understand that the doctors sent her home saying there was no cure but that the rheumatism must run its course.

The young men of Stanton College gave a literary program last Friday that was out of the ordinary. Everyone who attended says that it was one of the best things given at the chapel this year, and they hope that the young men will give another like performance in the near future. Prof. Johnson did much to help the young men make this a success.

Mr. Mart Tharp of Hutton creek was taken to the hospital at Lexington and operated on for intestinal trouble, but died from the operation. He was brought back to Stanton and buried on Hutton creek near his home. Mr. Tharp was a good citizen and neighbor, and well liked by all who knew him. He leaves a wife and several children who will sadly miss him.

By the way we are having a flag prayer meeting at the Christian church every Wednesday night. The crowds are growing larger each meeting. There were 48 present last Wednesday night. Come out and and help us to make it more interesting still and also to do good and us good. Everybody is invited irrespective of race, creed or standing in the community. It is a good thing in the middle of a week to come to the House of God, to forget the busy cares of life and talk over the things that concern our christian life and our salvation. It is strange how some church members can find time to attend a dancing school but have no time to put into a prayer meeting. But then the prayer meeting is for those who really want to grow stronger and draw closer to God.

To the Farmers of Kentucky

After an earnest and careful investigation in this State relative to the high cost of food products—the necessities of life—the basic cause can be placed upon the fact that the farmers of Ken-

Newman Opposes Bills.

Declaring that the proposed bills would work a hardship on the farmers and increase the taxes on farm lands fifty per cent, J. W. Newman, of Versailles, former Commissioner of Agriculture, gave the bills the worst roasting they have had at any of the public hearings. He was asked the question if he had something better to offer and he replied quickly, "Enforce the present laws."

"The diamonds in Jefferson county are assessed at \$92,000," said Newman. "The other day I was in a dining room in Louisville and saw one woman wearing diamonds equal to that value."

Newman was asked if he favored an increased tax on whiskey.

"It doesn't matter," he replied "whiskey will be out of business in this State in a few years."

Mr. Newman declared that secret forces had been at work to escape taxation since the adoption of the last Constitution. No effort was made, he said, by this force to pass the bills at the regular session because they would have been referred to the people to be voted on. But since the limitation of this referendum expired January 1, Newman said this force was now eager to put through bills that would favor them.

When asked if he favored an appointive or elective tax commission, Newman replied:

"We don't need either."

Lucky during 1916 failed to plant and produce a sufficient amount of food products, not alone to supply the local demand but an inadequate amount for their own family consumption, and are today buyers in the open market for such. The citizens of the cities and towns are not expected and can not plant and produce these necessities, thus relying upon the farmers, and when both country and city people become buyers in the open market for these products, it is no wonder that prices soar to the present unreasonable proportions. The first duty the farmer owes to his family is production of a sufficient amount of food products to sustain and feed the members of that household. This being done they are independent. Then conserve the products at hand. At this time there are many efforts being put forth to teach the need and advantage of conservation of home products. It is done through organized work, through bulletins and through teaching, and fortunate is the farmer who has learned this lesson of "Production and Conservation." In this way he will be surprised to find to what an extent this larger production and caring for the product will mean in money in his pocket and sustenance to his fellow beings.

It is for this reason that I call upon the farmers of Kentucky to materially increase their planting this year, so that a surplus may accrue which, when placed upon the market, will reduce the extremely high cost of living and

A Nervous Woman Finds Relief From Suffering.

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Joseph Snyder, of Tiffin, O., had such an experience, regarding which she says:

"Six months I was bedfast with nervous prostration. I had sinking spells, a cold, clammy feeling, could not stand the slightest noise. At times I would almost fly to pieces; stomach very weak. My husband insisted on my taking Dr. Miles' Nerveine, and I began to improve before I had finished the first bottle until I was entirely cured."

MRS. JOSEPH SNYDER,
212 Hudson St., Tiffin, Ohio.

Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nerveine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

"My daughters and grandchildren think I'm a different woman. I am. I even get down on the floor and romp with the little ones. A short time ago I was so cross I wasn't company for anyone."

This is the tribute that Mrs. H. E. Hill, 3551 West 63rd St., Cleveland paid to Tanlac.

"There was a time when I couldn't walk up to the corner store without fear I wouldn't be able to get back

alone," she said. "But that time has passed—thanks to Tanlac. I was run-down for years and couldn't do my housework. I had to leave most of the work to my two daughters. Last winter was the worst and I was told that unless I got better I would not have long to live."

Lived in Damp Quarters. "Our house, too, might have made my condition worse. For it was on low ground and was a trifle damp. That made me worse. Before taking Tanlac I couldn't walk up and down the stairs. I had to sleep downstairs. I can get up without any help now."

"My back used to hurt me so bad that I couldn't stoop over. Now I can get down and mop the floors."

Was All Run Down. "My stomach gave me no end of trouble. No matter what I ate, gas formed and I had a heavy, bloated feeling. I was nervous, and even the noise made by my two little grandchildren in their play annoyed me."

"I surely am thankful for what Tanlac has done for me. And I feel so happy over it that I have already told several friends about the results it brings."

Get Tanlac today if you are not feeling right. Delay in health matters is dangerous.

TANLAC can be obtained in CLAY CITY at Eaton & McGuire's.

Have you subscribed to the Clay City-Furnace road? If not, why not?

The simplest and best way to stop coughs, is to take **Foley's Honey and Tar**

You get the curative influence of the pine balsam together with the mollifying effect of the honey, and other healing ingredients. It leaves a soothing coating on the inflamed, tickling throat, raises phlegm easily and puts a quick end to hard wearing coughs.

R. F. Hall, Mabe, Va., writes: "One bottle of Foley's Honey and Tar stopped a troublesome bronchial cough and irritation that had bothered me for fifteen years." Your dealer sells it. Try it.

SATURDAY CONCERT AT THE PHOENIX HOTEL

On account of the great number of oil producers and coal operators that spend the week end at the Phoenix Hotel, a Musical Concert will be given by the Phoenix Orchestra each Saturday afternoon from 4 until 8 p. m.

Miss Hogarty will arrange a special program and Mr. Bruce Reynolds, who is considered the greatest Violinist in the South, will play a number of solos.

The Phoenix Hotel greatly appreciates the patronage of the mountain people from the Southeast and Big Sandy sections of the State and will endeavor to make their visits to Lexington as pleasant as possible.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

CARDUI The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.
